Together IS OUR FAVOURITE place TO BE.

Come and create your new home in one of our beautiful suites in either the Retirement Community or Senior Living Community.

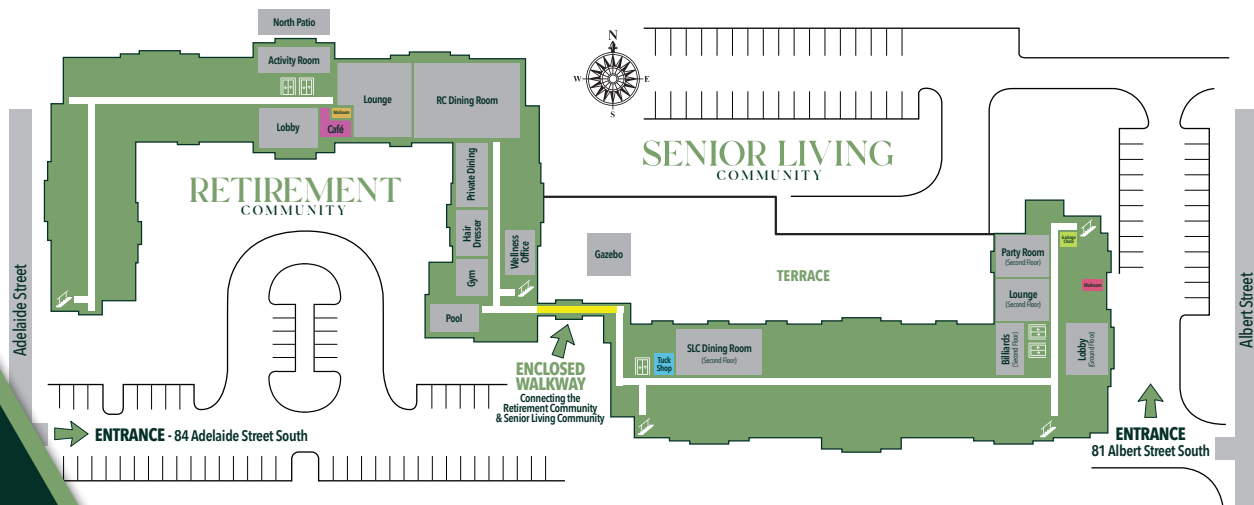

Adelaide Place is one home with two lifestyle options to choose from. The Retirement Community and Senior Living Community are surrounded by beautifully landscaped grounds and connected via an enclosed walkway allowing access to amenities and recreation activities in both locations.

You can choose to live in the more supportive Retirement Community where we do all the shopping, cooking, and cleaning or the Senior Living Community which is more independent, and suites feature full kitchens and in-suite laundry. Whichever you decide, you will find freedom, flexibility and all the comforts of home.

We believe that a home is not just a place where you live, but a place where you feel understood and part of a family. We listen, understand and respond to our residents, offering tailored solutions to suit their needs. Our caring community fosters an active and engaged environment to promote meaningful friendships and an enhanced quality of life.

Our Retirement Community offers a supportive living environment with an all-inclusive pricing structure. Let us take care of the shopping, cooking and cleaning while you enjoy the things you love you to do. Your package includes 3 meals a day in our beautiful dining room (plus access to our 24-hour café), personal emergency response system, weekly housekeeping, a host of recreational activities and much more. Please refer to the "suite inclusion" page outlining everything included in your monthly package.

At Adelaide Place you will enjoy all the comforts without the burden of responsibility.
