Food Service News

We would like to inform you of an upcoming change to our breakfast service that will take effect on July 13, 2026.

To better accommodate the growing number of residents choosing to enjoy a hot breakfast in the dining room, we will be moving to a two-seating breakfast model. This change will help ensure that everyone can be served comfortably and receive the best possible dining experience.

The new breakfast seating times will be:

1st Seating: 7:45am

2nd Seating: 8:45am

We will also be moving residents into each breakfast seatings to match their current lunch and dinner seating preferences, helping maintain consistency across all meal periods.

We are making this change because more residents are choosing to dine in the dining room rather than participate in the breakfast program. By introducing two seatings, we can better accommodate everyone while maintaining the quality of service you expect and deserve.

We appreciate your understanding and cooperation as we make this adjustment. If you have any questions, please speak with a member of the Dining Services team.

Thank you for your continued support

Sincerely,

Angie Drummond
